Introducing
**Delasco FDA-Cleared
Microneedling Pen Kit**
The Latest Microneedling Technology
at a Fraction of the Cost

When it comes to skin treatments, precision is everything. It's the difference between good results and exceptional ones. That's why we're proud to introduce the Delasco Microneedling Pen—an advanced, FDA-cleared device that sets a new standard in microneedling technology.

- Depth range of 0-2 mm
- 6 speed settings
- 10 needle cartridges and protective covers included in the kit
- Range of 6300-7700 RPM
- Cordless and rechargeable
- Storage base and power adapter with cable included
- Rubber grip for comfort and reduced slip
- Soft, quiet motor is less intimidating to patients

Go to page 09 for more information on the Microneedling Post-Procedure Kit

Facial Cleansers

Formulated to deeply cleanse pores and remove excess oils and impurities from the skin. The Gentle Cleansing Gel works great for sensitive and dry skin. The AHA Rejuvenating Cleanser has Alpha and Beta Hydroxy Acids that gently exfoliate dead skin cells. The Purifying Facial Wash completely removes oils, and prevents pore clogging while protecting healthy skin cells.

Item	Description	Price
ST-113	Gentle Cleansing Gel, 4oz	\$20.63
STPRO-113B	Gentle Cleansing Gel, 16oz	\$47.30
ST-114	AHA Rejuvenating Cleanser, 4oz	\$20.63
STPRO-114B	AHA Rejuvenating Cleanser, 16oz	\$47.30
ST-111	Purifying Facial Wash, 4oz	\$20.63
STPRO-111B	Purifying Facial Wash, 16oz	\$47.30

Exfoliation Treatments

These exfoliation treatments are to be used as part of a home regimen to keep dead skin cells from dulling skin and enhance the results from chemical peels. Lactic Cellular Turnover helps skin retain moisture while exfoliating. Glycolic Cellular Turnover enhances exfoliation and penetrates deeper than other acids in the skin. Anti-Oil Cellular Turnover combines lactic and salicylic acid that helps clean pores while exfoliating. Mandelic Cellular Turnover gently exfoliates and leaves skin glowing. Refining Cellular Turnover combines glycolic and salicylic acid that helps reach deep cystic-like blemishes.

Item	Description	Price
ST-115	Lactic Cell Turnover, 1.75oz	\$21.18
ST-117	Glycolic Cell Turnover, 1.75oz	\$21.18
ST-119	Anti-Oil Cell Turnover, 1.75oz	\$21.18
ST-120	Mandelic Cell Turnover, 1.75oz	\$23.10
ST-121	Refining Cell Turnover, 1.75oz	\$23.10

Cleansing Pads

360 Cleansing Pads are easy to use and are two-sided for a thorough clean. The scrubby side of the pad cleans powerfully, even tough eyeliner, without irritating the skin or eyes. And no rinsing! You don't have to skip cleansing anymore after a long day.

Item	Description	Price
ST-149	360 pads, 25 applications	\$15.40

Tri-Ex Peel Pads

A triple acid exfoliation formula in a convenient pad penetrates the dermal layer to simulate new cell growth and leave the skin smooth, tight, and luminous.

Item	Size	Price
ST-143B	4oz	\$21.45

Micro-Dermal Scrub

Micro-Dermal Scrub warms like the tropical sun on your skin while it gently exfoliates. This self-warming scrub invigorates the skin and captivates your senses with its citrus scent. Retinol and peptides infuse nourishment, while dead skin cells and contaminants are removed. For a facial regimen, this is a “take me away” kind of product that you will love.

Item	Size	Price
PC-102	4oz	\$24.75

Vita-C 10

Vita-C 10 uses a protein encapsulated form of Vitamin C that is released once it's applied to the skin. Nourishment is then provided to the intercellular space that strengthens collagen fibers. Vitamin C is crucial in reducing brown spots and sunburn while improving skin tone and texture.

**This product is light and heat sensitive. Store in a temperature-controlled location out of direct sunlight.*

Item	Size	Price
ST-099A	0.5oz	\$20.90

Microneedling Post-Procedure Kit

This 3-product post-procedure at-home regimen is specifically designed to support skin recovery following microneedling treatments. Ideal for in-office dispensing, the kit helps minimize irritation, boost hydration, and protect vulnerable skin during the critical healing process. Includes Skin Therapeutic Gentle Cleansing Gel (4oz), HA-B5 Hyaluronic Gel (1oz), and 30 SPF Broad Spectrum Tinted Moisturizer (1.7oz).

Item	Description	Price
MICROPEN-PCKIT	Microneedling Post-Procedure Kit	\$150.00

Tinted Moisturizer SPF 30

Zinc Oxide and Titanium Dioxide provide UVA and UVB protection that absorbs quickly and has a sheer finish with no residue! Fresh scent and non-comedogenic. Chamomile Flower Extract, Cucumber Fruit Extract and Sodium Hyaluronate add beneficial nourishing properties that soothe skin, help retain moisture.

Item	Size	Price
ST-155	1.7oz	\$30.45

HA-B5 Hyaluronic Moisturizer

This high efficiency hyaluronic and Pro Vitamin B5 hydrator glides on and boosts the skin's ability to hold moisture while leaving no oily residue. The prominence of fine lines and wrinkles is reduced, and it provides fullness back to the skin.

Item	Size	Price
ST-148	1oz	\$35.20
STPRO-148B	4oz	\$115.50

HydraCell Turnover Booster

This plant-derived squalane serum has been shown to increase cellular turnover by 34%. Apply HydraCell after a Skin Therapeutic Cellular Turnover Treatment and push delayed gratification out the window.

Item	Size	Price
ST-144	1oz	\$18.15
STPRO-144B	8oz	\$55.55

Hyaluronic Acid Serum

Skin Therapeutic's Hyaluronic Acid Serum is designed to lock in hydration. This lightweight formula holds up to 1000x its weight in water, creating a plump, youthful complexion when applied to the skin. Ideal for all skin types, it soothes and refreshes. This serum is perfect to use during microneedling treatments, in a daily regimen, and after chemical peels or microneedling.

Item	Size	Price
HA/16	16oz	\$150.00

3D Peptide Crème

3D Peptide Crème brings three powerful peptides together in one formulation to significantly improve skin's thickness and smooth fine lines and wrinkles. Consistent use will improve the tonicity of skin and reveal a more smooth sculpted appearance. The effects of lost collagen can be noticeably recovered with this powerful tri-peptide combination.

Item	Size	Price
ST-140	1oz	\$26.40

Syner-G Repair Crème

The signs of aging won't be there long with Syner-G around. Infused within this crème is a powerful synthetic peptide formula that mimics the muscle relaxation peptide found in the venom of the Temple Viper. This peptide is so effective that in vivo studies have shown a 52% reduction in wrinkle size after 28 days of use.

Item	Size	Price
ST-142	1oz	\$30.25

DermaBoost Retinol Therapy

Collagen and elastin in the lower layer of skin are the foundation for skins’ firmness and play a vital in its ability to renew cells. DermaBoost Retinol Therapy is formulated to penetrate deep and boost collagen synthesis so skin is strengthened from the bottom layer up.

Item	Size	Price
PC-106	0.5oz	\$27.80

Radiance Crème

Radiance Crème is a tightening complex designed to reduce the appearance of fine lines and wrinkles and restore firmness to the face, neck, and décolleté. Aurasphere and Squalane work together to penetrate and fill deep lines and wrinkles, even skin tone and hydrate skin.

Item	Size	Price
ST-145	1.75oz	\$29.43

Brightinol Dark Spot Corrector

Melasma and other brown skin discolorations resulting from acne, sun damage or hormonal changes can be difficult to reverse. Brightinol Dark Spot Corrector is a powerful formulation with Retinol and Kojic Acid designed to reduce the appearance of dark spots without irritating or drying the skin.

Item	Size	Price
PC-105	0.5oz	\$28.05

Post Procedure Lotion

Made with a lightweight formulation designed to provide long lasting hydration for all skin types. It is ideally used following any facial procedure or laser treatment to promote rapid recovery and healing. Acts as a moisture shield and is a perfect every day moisturizer that absorbs rapidly leaving the skin supple and smooth with no oily residue.

Item	Size	Price
ST-135	8oz	\$44.00
STPRO-135B	16oz	\$93.50

Intensive Eye Crème

The delicate skin around the eyes needs intense care. Intensive Eye Crème brings a host of essential vitamins, nutrients, proteins, and antioxidants together to create a rich hydration barrier around the eyes. Shea Butter and Hemp Seed Oil blend together to aid in diminishing the fine lines around eyes where crows feet form. This formulation also minimizes dark circles and promotes elasticity and firmness.

Item	Size	Price
ST-104B	0.5oz	\$33.55

iLIFT-R Treatment

iLIFT-R Treatment is a blend of Hyaluronic Acid, natural fruit extracts and vegetable proteins that work together to strengthen the delicate skin under the eyes, reduce puffiness and the appearance of dark circles while diminishing crow’s feet.

Item	Size	Price
ST-147	0.5oz	\$30.80

Tri-Ex Spot Treatment

This unique blend of Salicylic, Glycolic and Lactic acids can be placed directly on a blemish with the small roller ball applicator. Apply at the first sign of a blemish and keep these unwanted visitors behind closed doors.

Item	Size	Price
PC-104	0.35oz	\$14.03

Delasco Biopsy Sutures (shown at bottom of pg. 14) are smaller than typical sutures. This minimizes tissue trauma and scarring, while providing the same flexibility and strength. Which is especially important when performing biopsies on visible areas like the face.

Enhance Safety and Accuracy with Polymer Coated Blades

Southmedic's **Precision Plus Safety Scalpels** and **10R Dermaplaning Blades** deliver exceptional precision and safety. The PPSS provides smooth, controlled cuts with minimal tissue trauma, while the 10R blades ensure precise, non-invasive exfoliation. Both feature sterile stainless steel blades with individual packaging.

Precision Plus Safety Scalpels

- **Polymer-Coated Edge** for smoother cuts
- **Enhanced Safety** with retractable, self-locking guard

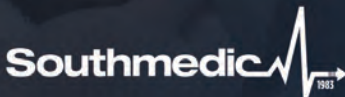

10R Dermaplaning Blades

- **Visibly Sharp Blade** for smooth dermaplaning
- **Easy to Use** with standard reusable handle

Whether performing delicate dermaplaning or making precise surgical incisions, trust Southmedic for the precision you can rely on.

AccuThrive Razor Blades

Item	Description	Price

ASR/6	Single Edge, 250/pack	\$250.27

Surgery – Scalpels & Blades

Lumohs LED Lighted Scalpel

Trust Lumohs for better visualization when cutting around critical nerves, vessels and target tissue. Lumohs LED lighted scalpel makes surgery easier, more efficient and safer with fewer dark spots and shadows from obstructions caused by conventional lighting. Helps reduce surgical strain and errors due to poor visualization.

- Enhanced ergonomics for elliptical, round and Mohs excisions
- Improves efficiency and beveled margins
- Portable for bedside consults, shave biopsies and routine surgical procedures
- Reusable/autoclavable

Item	Description	Price
NLS-1612-009	Lumohs LED Lighted Scalpel Handle w/Battery	\$195.00
NLS-1614-001	Replacement batteries, 8/pk	\$51.75

Disposable Blade Remover

- Holds 100+ blades
- Blade drops automatically into reservoir

Item	Description	Price
BR/D	Plastic, with Reservoir	\$2.58

Quicksmart® Blade Remover

- Single-hand blade remover and wall mount bracket
- Holds 100 blades

Item	Description	Price
48QS	3¾" W x 6" H	\$38.80

DeRoyal® SurgiMate® Skin Staplers

Regular staple dimensions after closure: 3.7mm H x 5.7mm W. Wide staple dimensions after closure: 4.7mm H x 6.5mm W.

- Clear viewing window for maximum visibility
- 35 staples per stapler
- "Pre-cocking" feature for precision placement
- 316L stainless steel staples

Item	Description	Price
25-3002-6	Regular, Sterile, 6/box	\$170.21
25-3001-6	Wide, Sterile, 6/box	\$191.33

Delasco Blade Remover

- Stainless steel
- Autoclavable

Item	Description	Price
BR-101	Each	\$27.48

SurgiSeal Stylus®

Topical Skin Adhesive

- Substantially equivalent to Dermabond® at a significantly lower price
- Rapid set time creating a better patient experience
- Microbial barrier - only product on the market with antimicrobial properties
- Greater service coverage when compared to other skin adhesives
- A single, thick, continuous layer may be sufficient to hold approximated wound edges closed for 5 to 10 days

Item	Description	Price
SS-050S	0.50 ml Applicator, 12/box	\$255.74

DERMarker™

- One time use, EZ Removable Ink®
- White ink visible on all skin tones
- Red ink preferred during laser procedures

Delasco Marking Ink

- Sometimes called Bonnie's Blue Ink
- Used to make persistent marks for outlining surgical procedures, radiation therapy areas, or patch tests
- Contains Gentian Violet (crystal violet), brilliant green, alcohol and water

Item	Description	Price
INK/1	1 oz	\$15.34
INK/2	2 oz	\$21.65 ♦

Introducing
Delasco
DelaScope™

Elevate skin examination with enhanced clarity, precision and detail

Engineered for clarity and performance, the DelaScope™ features a large 40mm anti-reflective front lens, 10x magnification, and four LED light modes (Polarized, Non-Polarized, Amber, UV) in a durable aluminum body. Powered by a long-lasting lithium ION battery with USB-C charging, it delivers 6–8 hours of continuous use. Included with the DelaScope™ is a carrying case, universal lens mount, microfiber cloth, and USB-C charging cable.

Item	Description	Price
DERMATOSCOPE	10x Magnification, 4 LED modes	\$1,295.00

DermLite® Dermatoscopes

Every DermLite dermatoscope comes with a characteristic color spectrum designed to highlight features in skin lesions that are critically important in early detection. Mobile compatible and rechargeable battery except DL100 model

- Used in viewing pigmented, vascular, or inflammatory lesions, varicose veins, skin irritants, and fungal infections

Air-Tite Aesthetics ICE-STICK Cooling Massager

This cooling device from The Air-Tite Aesthetic Group in France provides a great non-drip solution for pre- and post- procedure for your patients. The ICE-STICK cooling massager is composed of an inner cartridge that can be removed from the hard plastic casing and placed in the freezer until needed. This reusable ICE-STICK has a refreshing aluminum head that stays cold 40 minutes or longer and cool for hours afterward. Users should wait a few minutes after removing from freezer prior to applying to skin. Great to remove puffiness and swelling, numbing sensitive areas, or calming itchiness.

NeedleSafe II™

Single-handed needle uncapper, recapper and syringe holder. Hazard orange color. Base mounts horizontally or vertically to workplace with strong adhesive strip.

- NeedleSafe assembly slides off base and can be steam autoclaved, gas sterilized or disinfected by wiping with or soaking in alcohol.
- Universal gripper core inside assembly securely grips needle caps for quick, single-handed uncapping, recapping and safe disposal.
- Complies fully with OSHA regulations.
- NeedleSafe should be replaced every 4-6 months or immediately if the adhesive base becomes loose.

Sold individually.

Units & Smoke Evacuation – Electrosurgery

Bovie® Smoke Shark™ III

Uniquely designed for the physician's office. The Bovie® Smoke Shark™ III is specifically intended for shorter (<15 minutes) procedures. Compact size, ultra-quiet (<55dB) and powerful vacuum for efficient smoke evacuation. Multi-procedure 4-Stage ULPA filter to remove and trap 0.1-0.2µm particles and micro-organisms at 99.999% efficiency. This unit also comes with a remote activation switch that starts the vacuum when the electrosurgery unit is activated and automatically stops when it's deactivated to maximize filter life.

- Includes: (1) 6-hour filter, SmartShark remote activation switch, (1) SharkSkin pencil adapter w/10' tubing
- 3/8" port filtration tubing connection
 - 9.4" (W) x 7.1" (T) x 6.1" (D)
 - 2-year warranty
 - 120V power supply

Delasco Electrolite® Disposable Electrodes

Physicians know that machined, spherical-radius tip electrodes are the preferred electrosurgical tool for precision coagulation with minimal tissue damage. The patented Electrolite disposable performs far above disposable flat-blade electrodes by giving you machined-quality technology in a disposable electrode.

- 3/32" Shaft
- Hexagonal collar prevents twisting of the electrode
- 3D shape typically found only in reusables
- Less unwanted tissue cutting
- Less concentrated debris buildup

Delasco Electrolite Guarantee: Try a box of Delasco Electrolite electrodes. If you aren't completely satisfied, call Delasco for full credit.

Delasco Electrosurgical Sheaths

A non-sterile sheath designed to fit over most electrosurgical handpieces. The use of handpiece sheaths significantly increases the life of the reusable handpiece and is a cost effective alternative to continuous sterilization.

We are so confident in this product, try them, if the quality and price of these don't exceed your expectations, send them back within 30 days for a full refund.

Not recommended for Hyfrecator 7-905 or 7-906 handpiece.

MVE® Dewars

The MVE Lab Series of cryogenic dewars are high-efficiency, super insulated dewars that are the most convenient, economical way to store and dispense liquid nitrogen.

**Static Evaporation Rate is nominal. Actual rate may be affected by: nature of contents, atmospheric conditions, container history, or manufacturing tolerances.*

- Easy-to-maintain lid design
- High strength neck tube reduces liquid nitrogen loss
- Advanced Chemical Vacuum Retention System
- Advanced insulation system provides maximum thermal performance
- Lightweight with superior strength
- 5-year vacuum warranty

CNH® Ear Protector

Useful to relieve pressure on the ear after ear surgery, or to relieve the discomfort associated with Chondrodermatitis Nodularis Helicis (CNH) also known as Painful Nodules of the Ear.

The CNH ear protector covers the ear and protects it from pressure while turning during sleep.

- Specially designed foam is flexible yet very dense
- May be washed in mild soap and air-dried
- Latex-free
- Velcro strap

Not intended to relieve sustained, direct pressure on the affected ear but meant for inadvertent pressure as when sleeping.

Item	Description	Price
